---:0:---

These papers relate to the cost of the small-pox ward in the Isolation Hospital. The establishment charges of the small-pox ward are met entirely by the Municipality while the dieting charges are included in the dieting charges of the Bowring Hospital. It is not known what action was taken on P.U.C. I, as the original has not been traced in spite of a prolonged search by the Record keeper but the matter has assumed a definite aspect now owing to Mr. Boag's proposals

Flag L.

contained in paragraphs 30 to 36 of Appendix IX to his report

According to Mr. Boag all public health expenditure should be transferred to the Municipal Commission, to be met out of the recurring sanitary grant of Rs.50,000/-. The President, Municipal Commission has been asked to submit final proposals of the Commission in the matter - Vide Sl.39 to 42/16L-1925.

If approved he may ~~also~~ be asked to consider this question also, including the cost of dieting charges along with the above proposals. Draft submitted for approval.

94 - 17

---:0:---

Please see sls. 1,3 & 5 and the office notes in paras 1 to 3. As stated in the above notes the establishment charges of the small-pox ward (viz., Rs.1,068/-) are met entirely by the Municipality while the dieting charges - viz., Rs.2,519/-) are included in the dieting charges of the Bowring Hospital. If the principle on which expenditure on the rest of the Isolation Hospital is met were applied to the small-pox ward, Government should pay 3/4ths of the whole expenditure and the Municipal Commission one-fourth as shown below:-
123-1926

SMALL-POX WARD IN THE ISOLATION HOSPITAL.

| | Present cost. Rs. | | Proposed cost. Rs. | Difference. Rs. |
|---|---|---|---|---|
| Paid by Government Dieting charges | 2,519 | Payable by Government 3/4ths of the total cost of small-pox Ward | 2,690 | +171 |
| Paid by Municipal Commission-Establishment charges of small-pox Ward | 1,068 | Payable by M. C. 1/4th of the total cost of small-pox Ward | 897 | -171 |
| Total. | 3,587 | | 3,587 | - |

From the above table it will be seen that under revised arrangments the Government have to pay Rs.171 more than they are now paying. The President, Municipal Commission, suggests that the existing arrangements may be authorised to continue until the settlement under Mr. Boag's report is effected.

16L-25

Political

Political Department regarding the transfer of all Public Health expenditure to the Municipal Commission, in which it was stated as follows:-

"The existing arrangements under which the Government bear 3/4ths and the Municipal Commission 1/4th of the cost of the Isolation Hospital may be allowed to continue till the scheme for the construction of a new Isolation Hospital is submitted to the Government of India when the question will be further examined."

If approved the Pay and Accounts Officer may be consulted U.O. as to whether he sees any audit objection to allow the existing arrangments, as regards the small-pox ward, to continue till a complete scheme for the construction of a new Isolation Hospital is submitted to the Government of India.

P.T.O

Pay and Accts Offr, Bangalore

There are two sections of the Isolation Hospital of which one is apparently set apart for the treatment of plague cases, while the other is intended for patients suffering from small pox and probably other infectious diseases as well. Expenditure in the former section has for a very long time been shared between the Municipal Commission and the Mysore Assigned Tract in the proportion of 1 : 3 and this distribution is probably based on the instructions of the Government of India, Foreign and Political Department telegram dated 31st March 1899 (referred to in paragraph 2 of Mr. Barton's letter 7674 dated 2nd September 1920 regarding the allocation of plague charges). Whether similar orders of the Government of India exist defining the respective liability of the Municipal Commission and the Mysore Assigned Tract for expenditure on the treatment of infectious diseases other than plague, the papers put up do not shew, nor is information readily forthcoming either at the Municipal Office or at the Residency Surgeon's office, as to the authority for the present practice in the Small pox section of the Isolation Hospital.

2. At present the ward staff of the Small pox section is paid by the Municipal Commission while contingent expenditure on diet of patients etc., is borne by the Government. Expenditure of the latter kind, has for some time - it - cannot be precisely stated since when - been included in the contingent charges of the Bowring Hospital, and this probably accounts for why the different modes of financing the pay charges and contingencies of the Small pox section of the Isolation Hospital escaped notice very recently, and why definite orders have not so far been obtained for ratification of the practice. (All previous correspondence

P.T.O.

correspondence with the Government of ~~India~~ India in the files below about the Isolation Hospital deal tacitly only with plague section thereof).

3. In many, if not in most parts of India, the treatment ~~of~~ of infectious diseases in Municipal areas is considered to be more appropriately a responsibility of the local body than of Government, and while I admit that conditions in Bangalore are somewhat peculiar in that the municipal area is coterminous with Government territory and in so far as Government have already admitted liability for a share of the expenditure on plague relief and prevention, the fact remains, that no such definite undertaking appears to have been given so far in respect of expenditure connected with treatment of <u>other</u> infectious diseases. As however, the Municipal Commission has for some period got accustomed to Government bearing the contingent expenditure of the small pox section of the Isolation Hospital, there is no objection to the present practice being continued for the <u>current year</u> under the specific sanction of the Hon'ble the Resident, definite orders of the Government of India being meanwhile obtained as to the incidence of expenditure connected with infectious diseases other than plague.

S. Anantakrishnan

S.N. 10

P.-7-1

Letter No. P.W. 2592, dated the 7th October, 1930, from the Pay and Accounts Officer, Bangalore.

---

From notes in paras 4 to 11 it is clear that the ---- intention of the Hon'ble the Resident was to exclude the dieting charges alone from being shared between the Municipa Commission and Government and ¼th of all other charges of the small pox ward should be recovered from the Municipal Commission as in the case of charges relating to other ---- portions of the Isolation Hospital.

S. N. 85—
268—14.
(2)

In para 4 of the Memorandum No. 5 (12)-A, dated the 19th May, 1927, the Government of India in the Foreign and Political Department have agreed that the arrangement hither to followed for maintaining the Isolation Hospital may be continued and that after the completion of the hospital the entire cost of maintaining the Isolation Hospital, including the small pox sections may be paid by Government, in the --- first instance, one fourth of the total cost being recovered from the Municipal Commission.

Draft reply is submitted for approval.

T. N. Thangavelu Mudaliar.
14-10-1930

Secretary.

Was our letter S.N. 7— not entirely incorrect. If so, in what way it was not correct, & not in accordance with the Hon'ble Resident's interpretation Pl. amend. if necessary.
S.
15.10.30

The facts of the case are as follows:-

S. N. 1.
(1)

In February, 1924 the President, Municipal Commission, Civil and Military Station, Bangalore, brought to the notice of the Hon'ble the Resident that the cost of the establishment of the Small Pox Ward was charged wholly to Municipal funds and suggested that the Government might

be

might be moved to agree to bear 3/4ths of the cost as in the case of the Isolation Hospital. In March, 1926 the Pay and Accounts Officer, Bangalore, brought to notice that the dieting charges of the Small Pox Ward were met by Government and suggested that the Municipal Commission should be asked to meet the expenditure as in the case of establishment. After consulting the President, Municipal Commission, in the matter, it was decided that the existing arrangement by which the Municipal Commission bear the entire establishment charges and the Government the entire dieting charges of the Small Pox Ward in the Isolation --- Hospital, Bangalore, should continue for the year 1926-27 and the question should be referred to the Government of India for orders.

In para 7(2) of letter No. 10513/268-1914, dated the 6th December, 1926, to the Government of India, it was stated as follows:-

" The ward staff of the small-pox section the cost of which amounts to Rs. 1068/- per annum is paid by the Municipal Commission while contingent expenditure on diet of patients, etc., amounting to Rs. 2,519/- per annum is borne by the Assigned Tract Revenues. It is proposed to continue this arrangement until the new Hospital is completed. ---- Thereafter the entire cost of the Isolation Hospital ----- including small-pox ward section will be paid by Government in the first instance and one-fourth of the total cost will be recovered subsequently from the Municipal -------- Commission, Civil and Military Station, Bangalore. The Commission have agreed to the proposal."

The Government of India have agreed to the above proposal- Vide para 4 of S.N. 85/268-1914.

The Audit Officer considers that the order at S.N.7 permits the exclusion of dieting charges alone from being shared between the Municipal Commission and the Government and ¼th of all other charges of the small-pox ward should be recovered from the Municipal Commission as in the case

of

of charges relating to other portions of the Isolation Hospital.

S.N.10. F.22.6

The Pay and Accounts Officer states that the order has however been understood by his office to mean that in the case of the small pox ward, the Municipal Commission should bear the entire establishment charges and no part of other charges.

1-1

He therefore asks for the Resident's instructions whether the view taken by him or that of the Audit Officer expresses correctly the intention of the Hon'ble the ---- Resident's Order of 1926. As the question of repairs to buildings was not raised then, it is not possible to say whether the intention of the Resident was to recover ¼th of the cost of repairs from the Municipal Commission or not

S.N.7 F.

1-1

As the cost of repairs to the small pox ward being small, it may perhaps be decided now that one-fourth of the cost of repairs need not be recovered from the Municipal Commission.

Submitted for orders.

T.N. Thangavelu
Madalias
22-10-1930

Secretary.

S.N.7 & connected papers: deals with pay & staff & contingent expenditure on "diet of patients etc."

To what is the cost of white-washing &c. to be debitable? If to contingencies clearly from the pay as the 'etc' which has not mentioned in S.N.7 would come in. If debitable to 'Minor Works' or 'Repairs', it will follow whatever that was debitable.

# NOTES AND PRECIS.

S. 6.—R. P. B.—5-1922.—5,200.

Letter No. G.447/23/94-1917, dated 25th February 1924 from the President, Municipal Commission, C. & M. Station, Bangalore to the Secretary to the Resident, Bangalore (Thro: The Residency Surgeon, Bangalore.)

---

I have the honour to state that the cost of the Small Pox wards establishment which amounts to Rs.828/- per annum is charged at present wholly to Municipal funds. The Residency Surgeon has recommended an increase of pay to the Menials costing Rs.240/- extra per annum, and the matter is being considered along with the budget for the ensuing official year. As the establishment for the Small Pox wards is similar to that of the Isolation Hospital for which the Government pays 75% of the cost, I take this opportunity to request that the Government may be moved to agree to bear a similar proportion of its cost as shown below:-

| | Present scale. | Proposed scale. | Increase. |
|---|---|---|---|
| Allce. to Asst. Surgeon. | 20 | 20 | |
| Peon. | 8 | 12 | |
| Male warder. | 8 | 12 | |
| Female warder | 8 | 12 | |
| Cook | 10 | 14 | |
| Sweeper | 8 | 12 | |
| Watchman | 4 | 4) | |
| Dhoby | 3 | 3)* | 20 x 12 =240 per annum. |
| | 69 | 89 | |

* only for 6 months in a year.

89x12=1068.

2. Out of the total cost of Rs.1,068, Rs.801 will be payable by Government and Rs.267 by the Commission.

To

THE Secretary to the Hon'ble the
Resident in Mysore,
BANGALORE.

SIR,

I have the honour to forward herewith copies of the marginally noted correspondence on the subject of the debit of the dieting charges of the small pox ward, of the Isolation Hospital and to state that as the small pox ward of the Hospital is entirely maintained by the Municipal Commission, the dieting charges should also, it appears, be asked to ~~meet~~ be met by the Municipal Commission.

In his letter of 9-3-26, the President Municipal Commission has stated that the cost of the Isolation Hospital is met by the Government and the Municipal Commission in the proportion of 3 : 1 like the plague expenditure. But from the recoveries made from the Municipal Commission monthly it is seen that only the plague charges of the Hospital are shared between Government and the Commission. The orders of the Hon'ble the Resident may kindly be obtained on the incidence of the dieting charges of the small pox ward.

P&A/Bang. 15-94-415 dated 26-1-26 from this office to the President, Municipal Commission and his reply therein No. G/59/26 dated 9-3-26 to the above.

---

Subject:- Diet charges of Isolation Hospital.

---

I have the honour to observe from the contingent bills of the Residency Surgeon that the charges on account of Contingencies in respect of the small pox wards of the Isolation Hospital are being met by Government. But in view of the fact that the Isolation Hospital is maintained by the Municipal Commission, it does not appear correct to debit such charges to Government.,I would therefore request you to let me know whether there are any definite orders directing the debit of such charges to Government; If the answer is in the negative, I request that I may be informed whether the Municipal Commission will pay the charges in question.

The favour of a very early reply is requested.

---

Letter No.G.59/26 dated 9th March 26 from the President, Municipal Commission, Civil & Military Station, Bangalore to the Pay and Accounts Officer, Bangalore.

---

Diet charges of Isolation Hospital.

---

With reference to your letter No.P&A/Bang.15-94-415 dated 27th January 1926, on the above subject, I have the honour to state that the cost of the Isolation Hospital is met by the Government and the Municipal Commission in the proportion of 3 : 1 like the plague expenditure. As regards the small pox ward, which is the part of the Isolation Hospl the Municipal Commission bear in full the cost of the establishment and have not hitherto paid anything towards the contingent expenditure incurred for these wards. As the question of changing the existing arrangements is an administrative one, I am not prepared to take it up except on a reference from the Residency.

SMALL-POX WARD ESTABLISHMENT.

S.S. With reference to your letter No.4892/123-1926 dated 4th June 1926 on the above subject, I have the honour to state that this office letter No.T.353/25/108-25 dated 2nd June 1926 containing proposals on paras 34 to 36 of Mr. Boag's report was issued before the receipt of your letter under reply. As regards the charges relating to the Small-Pox Wards, under existing arrangements the Municipal Commission pays Rs.1,068/- for establishment, and Government pays Rs.2,519/- for diet and contingencies. If the principles on which expenditure on the rest of the Isolation Hospital is met were applied to the Small-Pox Ward, Government should pay three-fourths of the whole expenditure and the Municipal Commission one-fourth. This would be slightly more advantageous to the Municipality. As it is now proposed to meet the whole expenditure on the Isolation Hospital from the Half Lakh Grant, it seems unnecessary to discuss existing arrangements further, or to get the opinion of the Municipal Commission as suggested in para 2 of your letter. The only point emerging from the correspondence under reference is that the Municipality are paying a little more than they ought to according to the 3:1 principle at present being followed. I would, therefore, request that existing arrangements be authorised to continue until the settlement under Mr. Boag's report is effected.

I have the honour to be,
Sir,
Your most obedient servant,

B.P.

Regd. No. 10302.
123/26

To

The Secretary to the Hon'ble the Resident in Mysore,

Bangalore.

Sir,

I have the honour to state that an expenditure of Rs.3-12-6 was incurred by Government in June '30 for white-washing the inside portion of the small pox room in the Indian Ward of the Old ~~Sola~~ Isolation Hospital. According to the Hon'ble the Resident's Proceedings No.10413-123-1926, dated 2-12-'26, the entire establish-ment charges of the small pox ward of the Isolation Hospital are borne by the Municipal Commission, and the entire dieting charges by the Mysore Assigned Tract.

S.N.7 (F)

The Audit Officer considers that the above order of the Resident permits the exclusion of dieting charges alone from being shared between the Municipal Commission and Government, and ½ of all other charges of the small pox ward should be recovered from the Municipal Commission as in the case of charges relating to other portions of the Isolation Hospital. The order has however been understood by this office to mean that in the case of the small pox ward, the Municipal Commission should bear the entire establishment charges (not ½th only) and no part of the other charges. If this view is correct, no recovery would be necessary from the Minicipal Commission for repairs done to the small pox ward. I request therefore the favour of instructions whether the view taken by this office or that of the Audit Officer expresses correctly the intention of the Hon'ble the Resident's Order of

P.T.O.

of 1926.

I have the honour to be,

Sir,

Your most obedient servant,

Pay and Accounts Officer.

All communications should be addressed to the Secretary to the Resident in Mysore, Bangalore, by designation and not by name.

No. 889/ ENCLOS. 123-1926

*Dated Bangalore, 5th Nov. 1930.*

FROM:

Major G. Loch,

SECRETARY TO THE RESIDENT IN MYSORE.

The Pay and Accounts Officer,

Bangalore.

**Subject:—**

Small-pox ward in the old Isolation Hospital, Bangalore.

SIR,

S.N.NO

With reference to your letter No.P.W.2592, dated the 7th October, 1930, I am directed to enquire to what head Rs.3/12/6, the cost of white washing to the small-pox ward in the Isolation Hospital, was debited.

I have the honour to be,
Sir,
Your most obedient servant,

for SECRETARY TO THE RESIDENT.

Enclosures

To. The Secretary to the Hon'ble the Resident in Mysore, Bangalore.

SUBJECT:- Small pox ward in the Old Isolation Hospital, Bangalore.

Sir,

S.N.II (I)

With reference to your letter No.8391, dated 5-11-30 on the above subject, I have the honour to state that the sum of Rs.3-12-6 being the cost of white-washing the small pox ward in the Isolation Hospital was debited to "32 Medical - Works - Repairs".

I have the honour to be,
Sir,
Your most obedient servant

Pay and Accounts Officer

E. O. 2.—E. P. B.—5—1922.—5,000

No. 8896 ENC.
250-1926.

FROM

Major G. Loch,
SECRETARY TO THE RESIDENT IN MYSORE.

To

The Pay and Accounts Officer,
Bangalore.

*Dated Bangalore,* 21st November *1930.*

**Subject:—**

Repairs to small-pox room in the Indian Ward in the old Isolation Hospital, Bangalore.

SIR,

S. N. 10,

With reference to your letter No. P. W. 3592, dated the 7th October, 1930, I am directed to inform you that the order of the Hon'ble the Resident contained in Major Evans-Gordon's letter No. 10113/123-1926, dated the 2nd December, 1926, deals with pay of staff and contingent expenditure on "diet of patients etc." of the small-pox ward in the Isolation Hospital, Bangalore.

S. N. 7

The question of repairs to the small-pox ward was not under consideration then and the orders were not intended to include them. In the circumstances it seems clear that the cost, which was debited to "35 Medical-Works-Repairs", should be met in the same way as was done prior to the 2nd December, 1926.

I have the honour to be,
Sir,
Your most obedient servant,

for SECRETARY TO THE RESIDENT.

Copy forwarded to the Audit Officer, Experiments, Bangalore, for information.
